Course: MATH 012 Section: A853

Strong Features

Extra materials.

Math is usually pretty easy for me

No Respond

no strong features worse class ever.

The teacher did an excellent job with being on time and he gave numerous videos that helped us to learn

Improve/Recommend

I did not understand why this instructor used so many math videos from other sources. It seemed as if he just took the work of other people and used them for his own benefit. We are told not to use others works as our own yet this instructor was using several videos that were not his own, if this instructor would like for students to use videos to help understand the subject material he should make his own videos. Also the flip flop of when conferences would close is unfair for military members like myself that need consistency to complete our work. I hope someone addresses the issues.

none.

No recommendations

No Respond

still take is face to face
