UMUC

Course: MATH 103 Section: A221

Strong Features

brain exercise

Faculty member explained subject matter clearly.

N/A

The instructor was very clear and precise. The lessons were well explained and I felt well prepared for the assignments given.

Improve/Recommend

Do not have the instructor send out an email depicting that 30% of students fail the class. I almost dropped the class due to the instructors view of the class. It made the decision to take this class very difficult. I assume that is why 8-10 students dropped the class before it even started.

Its at such a fast pace I would recommend it go to longer than a 6 week period or cover less material.

I was personally satisfied with this class.

take it a little slower. It was too much work for so little time.

The course was very effective at teaching the material and the extra credit helped ensure the best grade possible.
